Please also ask us for our Vine & Beer Selections!

Our Name: “*Zeytin*” is the Turkish word for “*olive*,” that staple of Mediterranean cuisine. Olive oil is a key component of the Mediterranean Diet, and many of olive oil’s health benefits may come from the more than 30 plant components that it contains. Turkey is one of the world’s largest producers of olives and olive oil, often exported to other Mediterranean countries and then repackaged for export to the United States.
